cally have been carrying 120-140 migrants each.

In related incident, 12 Syrian refugees including 5 children drowned and three were missing after a migrant boat sank off Turkey's Aegean coast on Friday, local media reported.

A 66-year-old British woman who says she is "desperately unhappy" in her 39 years of marriage has lost the latest round of an extraordinarily unusual court battle, PTI reports from London.

Tini Owens asked the Court of Appeal to overturn a family court ruling, which said she could not divorce her husband Hugh Owens, 78.

But the appeal judges, led by Sir James Munby, upheld the original ruling. However, the judge did point out that some people would feel unhappiness should be grounds for divorce. The decision means Owens will have to remain married, although after five years of separation she would be eligible for a divorce even if her husband still objected.
